Keeping Your World Connected™

ENABLING HOTEL GUESTS TO CONNECT, CHARGE & PLAY.

Guest connectivity solutions....for the hospitality industry

MEDIA | POWER | AUDIO | HSIA

WE HAVE THE SOLUTION TO TRULY ENHANCE YOUR GUEST'S STAY

Our innovative connectivity products are designed specifically for the hotel guest room, helping your guests make the most of their portable devices during their stay.

Today's guests check-in with many portable devices and they want to use them. They want to watch their own movies and TV shows, play their own games, and listen to their own music. They need easy-to-find and easy-to-use methods for charging and connecting their multiple devices.
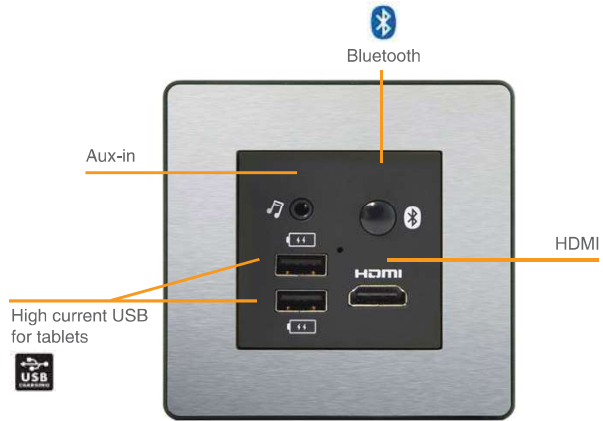

Contents

MediaHub™ UHD
Guests can charge & play content from their portable devices on the in-room TV.

The smallest and most powerful mobile device to TV connectivity panel on the market today. Providing guests with the most important, and universally accepted mobile connections to charge and play (USB, Bluetooth, and HDMI).

TA-3360 | MediaHub™ UHD

The MediaHub UHD provides guests with the most important, and universally accepted mobile connections to charge and play. Guests can use the USB to charge their mobile devices. Bluetooth pairing means that your guests can listen to their music over the TV speakers without docking, providing the freedom to roam and multi-task. The HDMI supports 4K and is the universal method for connecting mobile phones, tablets, laptops and gaming consoles to HDTV's.

Black

- Flush Mounts into wide range of furnishings, millwork, casegoods, and partition walls.

- Bluetooth pairing point for wireless audio playback on TV speakers.

- Dual Smart Fast Charging USB 2.4Amp/5 volt for tablets and smart phones and any USB enabled charging devices.

- 4K HDMI Port (UHD), for displaying your movies, videos and photos on the in-room TV.

- Audio jack for audio playback on the TV speakers.

- Automatic Input switching via HDMI-CEC for any CEC enabled TV.

- Small footprint and choice of rubberized black or brushed metal finish, provide designer friendly aesthetics.

- Simple Installation - Power Supply and HDMI cable.

TA-3360D | MediaHub™ UHD Desktop

The MediaHub Mini Desktop focuses on simplicity, providing guests with the most important and universally accepted mobile connections to charge and play. USB ports offer fast charging for mobile devices, including tablets while the Bluetooth allows guests to listen to their music over the TV speakers without docking their devices. HDMI is the universal method for guests to connect their mobile phones, tablets, laptops and cameras to in-room TV.

Chargeport Duo | TA-8250

DUAL WIRELESS CHARGER

ChargePort Duo is fully featured, dual wireless charger which also provides USB Type A and USB Type C charging. For your peace of mind and to ensure safe and reliable wireless charging, ChargePort Duo is fully Qi Certified. The wireless charging pads can deliver up to 10 watts each ensuring the fastest charging time for guest devices, while the USB ports will deliver another 18 watts to charge phones or tablets. Simple and quick to install, ChargePort Duo is supplied with a range of security options including bracket, lanyard and adhesive pad. ChargePort Duo looks great on the guest room nightstand or desk and is available in black or white.

FEATURES

- Qi Certified for safe and reliable wireless charging.
- For fast charging, each Qi wireless charging pad can charge up to 10 watts (total 20 watts if both used).
- USB Type A and USB Type C for charging non-Qi devices and tablets, can deliver another 18 watts.
- Simple installation, only requires access to a single mains socket for the power supply.
- Anti-theft/ anti-tamper security options are provided: fixing bracket with cable clamp, lanyard and adhesive pad.

Mobile charging for events and public spaces

Now your guests can charge their portable devices while continuing to eat in your restaurant, meeting clients in the lobby, attending a session in the conference space. These mobile charging solutions are ideal for events where guests are at their tables or away from a power source and wish to keep their devices close by.
